

To Friends at Channel D,

On behalf of the hundreds of families we serve during the year at the Temple D'El P Center who are giving, workshops and our programs.

I think you for the outstanding effort to collect good from the Seed for families drive.

We were very pleased to work with Martha's Garden and the Board of Realtors. We were overwhelmed with the generosity from the community.

We realize the many hours of work and commitment that this project took to be successful by you Station and Staff.

Again, there are no other words we can say to express our deepest appreciation except to thank you and God bless you.

Sincerely,  
Joan M. Mankin  
Director

Thanksgiving thoughts  
are special—

they're filled with a warm appreciation for those who bring happiness and make life even better... And Thanksgiving thoughts of each of you are some of the nicest thoughts of all.

HAPPY THANKSGIVING

Temple D'El P Center  
Staff
